    Same here, Chris. It is left to the instructor

11:28:55 From Jannette Bradley to Everyone:

    it funny how we -- maybe it is just me though -- use Google and Google Scholar without thinking about where it gets it's information. But with AI since we know it manipulates/transforms/etc language and give us an answer, we wonder about the validity.

11:29:10 From Mark Sheppard to Everyone:

    Replying to "Yes ... Google Sch..."

    Scholar is helpful, but there are still heavily gated/paywalled Publishers who keep their research limited to subscribers only....thats a model ripe for disruption.

11:29:15 From Tom Spiglanin to Everyone:

    AI is so poorly defined at the moment, I think it would be tough to create a meaningful policy on its use.

11:29:15 From Laura Crite to Everyone:

    I've heard some mixed reviews on Co-pilot,   Any opionions

11:29:54 From Mark Sheppard to Everyone:

    Replying to "I've heard some mi..."

    I was skeptical, well, because "Bing", but I'm really impressed with what I can do with CoPilot

11:30:05 From Tricia Ransom to Everyone:

    Replying to "AI is so poorly defi..."

I took a 6 week seminar on AI at Stanford this summer. There is no real definition of AI. I mean, the internet itself can be considered AI.

11:30:15 From Teresa Waggoner to Everyone:

I can't use anything generated by AI, but I have found it very useful for getting ideas, directing further research, and rewriting content.

11:30:26 From Tricia Ransom to Everyone:

Replying to "I've heard some mixe..."

Bing. sigh

11:31:06 From Mark Sheppard to Everyone:

Replying to "I can't use anythi..."

That's like the Wikiedia vs Scholarly Journal approach

11:31:30 From Tom Spiglanin to Everyone:

Amazon asks authors on their KDP platform to self-acknowledge use of AI, but they don't really clarify further, or use it in any way. I used "AI" to clean up one photo in the book, but I assume that's not what they care about. AI didn't write or generate anything.

11:31:42 From Laura Crite to Everyone:

Reacted to "I was skeptical, wel..." with 👍

11:32:41 From Dennis Zajac to Everyone:

Replying to "Yes ... Google Schol..."

And you can't (at least I can't) get a list of what journals are or are not included in GPTs. You have to figure it out on your own. But I thought Google Scholar could find most articles etc. Am I wrong?

11:32:44 From Heather Varney to Everyone:

Where do you draw the line for AI doing the work over say, spell/grammar checking though?

11:33:12 From Jannette Bradley to Everyone:

Reacted to "Where do you draw th..." with 👍

11:33:17 From Mark Sheppard to Everyone:

Replying to "Where do you draw ..."

I think that depends on things like risk tolerance for the org or the outcomes

11:33:44 From Amy Williams to Everyone:

Is there a way to see who created these GPTs and assess how well they were built?

11:33:51 From Dennis Zajac to Everyone:

Replying to "Yes ... Google Schol..."

haha. I just compiled a list of 85 cognitive biases yesterday!

11:34:05 From Mark Sheppard to Everyone:

Reacted to "Is there a way to ..." with ❤️

11:35:03 From Jannette Bradley to Everyone:

but couldn't you use this to teach 'critical appraisal'?

11:35:12 From Mark Sheppard to Everyone:

Reacted to "but couldn't you u..." with 👍

11:36:03 From Douglas Boehm to Everyone:

interesting

11:36:26 From Mark Sheppard to Everyone:

I'd want to see things like author affiliations, etc.

11:36:50 From Mark Sheppard to Everyone:

Reacted to "Bing. sigh" with 😂

11:37:09 From Amy Williams to Everyone:

Replying to "I'd want to see thin..."

Exactly. I've build my own GPTs and there is no requirement to do it well. That sub-heading is free text, so the author could describe their GPT any way they like but it doesn't mean that's accurate

11:37:11 From Tricia Ransom to Everyone:

Can the gpt list the articles/resources it used to come to its conclusions?

11:37:22 From Mark Sheppard to Everyone:

Also, like Google Scholar, how many times was this cited? What are the criticisms of the basic thesis?

11:37:40 From Mark Sheppard to Everyone:

Reacted to "Exactly. I've bui..." with 👍

11:38:36 From Dennis Zajac to Everyone:

Replying to "I've heard some mixe..."

Re: CoPilot or any other tool, I think it depends. Having said that, my understanding and experience has been ChatGPT (esp. paid) performs best for my GenAI research tasks. CoPilot might be better for integrating various documents (MS Word, PPT, etc).

11:38:42 From Peggy Schaefer to Everyone:

I asked AI for references for a summary it provided, and it provided 5 references. I reviewed all 5 references and nonoe were correct.

11:44:14 From Peggy Schaefer to Everyone:

Replying to "I asked AI for refer..."

I asked for the references about "ideal" class size and it gave me 4 references and none of those referred to class size at all. The summary said that the Ideal class size is 18 - 20 students, and I wanted to see the 'science' of that.

11:44:32 From Tom Spiglanin to Everyone:

Replying to "I asked AI for refer..."

wow...

11:44:47 From Dwayne Ross to Everyone:

You do. However do yourself a favor and get the paid version. You will see a marked difference in the way it works.

I'd be stunned if they opened the doors, because that challenges their business model.

11:45:34 From Dennis Zajac to Everyone:

Some experts recommend using better "priming" etc (Priming, Prompting, and following up with responses) rather than the custom GPTs

11:45:36 From Jon Foley to Everyone:

What's the difference between Scholar GPT and Scholar AI?

11:45:42 From Heather Varney to Everyone:

But could you trust that consistently for results though?

11:46:01 From Peggy Schaefer to Everyone:

Replying to "I asked AI for refer..."

In fairness, they were 'educational' articles, but not related to class size.

11:46:02 From chris karam to Everyone:

Replying to "You do. However do y..."

Are you referring to the paid version of ChatGPT or another tool?

11:46:13 From Douglas Boehm to Everyone:

ah as in all things, trust but verify

11:58:29 From Peggy Schaefer to Everyone:

how much does it cost?

11:58:37 From Jannette Bradley to Everyone:

Like build-a-bear but for info so build-a-corpus

11:58:45 From Peggy Schaefer to Everyone:

Free is great!

11:58:46 From chris karam to Everyone:

Sorry I have to jump to another meeting. Shannon - as ever, this was a well-planned and executed session - you are my role-model for learning design. Thanks to the group too - so many ideas and shared feelings of being a bit lost, amazed, and concerned! It's been far too long since I've been here.

11:58:55 From Dwayne Ross to Everyone:

Podcast yup! I created one last night and then you can take that conversation audio and add it to an Avatar you can make it have a conversation

11:59:13 From Chris Jones to Everyone:

    Gotta run also...excellent information!

11:59:49 From Dennis Zajac to Everyone:

    ... re: Learning Styles, please correct me if I'm wrong ... Does the research say people can have PREFERENCES for how they learn, but there isn't support that the preferred way is more effective?

11:59:51 From Susan Manos to Everyone:

    Super helpful! Thanks, Shannon

12:00:17 From Dwayne Ross to Everyone:

    but you can change the voices using eleven labs...

12:01:08 From Eileen George to Everyone:

    So cool! Love this! Thank you, Shannon, for hosting this!

12:01:11 From Laura Crite to Everyone:

    Great session Shannon! Thank you.

12:01:41 From Jason Dreyer to Everyone:

    Great point Dwayne

    LSN: https://www.learningrebels.com/event/design-for-all-master-accessibility-practices-fast/

12:03:46 From Peggy Schaefer to Everyone:

    thank you Shannon and others!

12:03:57 From Jannette Bradley to Everyone:

    thank you for the presentation. I will try to attend additional sessions. this was my first time attending today. Learned a good deal

12:04:00 From Deb Sorrill to Everyone:

    thank you so much, my first time here. Will be back!

12:04:05 From Dwayne Ross to Everyone:

I would love to join in and share tools as well if I can. Who can I connect with?

12:04:13 From Tom Spiglanin to Everyone:

Best coffee chat ever for me at this place in my life and career!

12:04:27 From Peter Engstrom to Everyone:

Thanks, Shannon. Have a good weekend.

12:04:29 From Tricia Ransom to Everyone:

This has been amazing.

12:04:39 From Amita G to Everyone:

Thank you Shannon! Great session.

12:04:43 From Teresa Waggoner to Everyone:

Time well spent today. Thank you! This has been awesome.

12:04:43 From Rashida Atthar to Everyone:

Thank you

12:05:09 From Teresa Waggoner to Everyone:

Learning more about NotebookLM!

12:05:23 From Jannette Bradley to Everyone:

going to a how to move abroad summit - online but it's always fun!

12:06:06 From Heather Varney to Everyone:

Thanks for a good session!

12:06:12 From Dennis Zajac to Everyone:

So happy I joined this Coffee Chat. My complements to Shannon and the group! What great discussion

12:07:48 From Lauretta Ovadje to Everyone:

Thank you! Great info and discussion..you all rock! Looking forward to more sessions.

12:08:23 From Brad Wooten to Everyone:

Is a replay available?

12:08:46 From Shannon Tipton to Everyone:

yes - a recording will be sent out.
